

September 5, 2024

Dear Valued Supplier,

Please be advised that TRIUMPH has partnered with Supplier Soft to assist in gathering data from TRIUMPH's supply base to support aerospace and government compliance requirements.

This partnership is a continuous improvement opportunity to avoid redundant requests from our sites to the supply base. We have developed web-based questionnaires to be completed one time, versus receiving paper forms/duplicate requests for supplier completion. This approach is very similar to the efforts in reporting on conflict minerals annually.

During the year, you may receive an email with the display name '**Triumph Group SCM Compliance**' with an originator email address of triumphgroup@suppliersoft.com.

Please **do not** disregard this email. Email(s) will contain a questionnaire for completion and submission to support government requirements such as: Conflict Minerals; Controlled Unclassified Information (CUI); and Small Business Reporting (SBR)/Annual Master Certification (AMC).

Should you have any questions regarding this communication, please contact your TRIUMPH Buyer. We thank you in advance for your continued support ensuring compliance and delivery of quality products.

Best Regards,
TRIUMPH Supply Chain Management & Contracts Compliance
